PROFESSIONAL RESUME

Enthusiastic frontend web developer with 3+ years of commercial experience dedicated to creating top-notch websites and web apps. Proficient in modern tech like React, Next.js, and CMS. Great at solving problems and working well in teams. Always eager to learn and incorporate the latest web trends and tech for user-friendly digital experiences. Committed to delivering exceptional results and continuously enhancing skills to stay ahead in the ever-evolving web development landscape.

WORK EXPERIENCE

FRONTEND DEVELOPER

AUG 2023 - PRESENT

Pro Analytics

- Spearheaded end-to-end website development, taking charge of both creating new web pages and optimizing existing ones. This encompassed a thorough refactoring of the codebase to improve performance and ease of maintenance.
- Leveraged the power of APIs and open-source resources like EdX for seamless data handling, while harnessing React's capabilities to introduce adaptive design, visually captivating effects, and a more user-friendly interface.
- Employed a flexible approach that seamlessly transitioned between older technologies and writing clean JavaScript code.

FULLSTACK DEVELOPER

NOV 2022 - JUN 2023

Sunshine Cakee

- Full development and launch of the website, including the implementation of e-commerce functionality using Next.js and integrating with Contentful CMS for managing product information and images
- Using Typescript for type checking and to improve the reliability and maintainability of the codebase
- Deployed website on Vercel for fast and reliable hosting
